

## Middle School | Grades 6-8

### A POWERFUL COMBINATION

Legacy middle school (6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> grade) students will work towards declaring a career path by mastering rigorous academic material in a way that helps them develop all of the executive functioning skills needed for success in college and to have a career in an athletic –related field. Our approach to the educational program, will include comprehensive field lessons, which will encourage students to develop their own problem-solving strategies, work cooperatively, and think creatively.

### LEARNING IN MOTION

Today, students need to do more than pass the test and get the grades. They need educational experiences that lead to deep understanding. Truly transformational education— the kind of education Legacy aims to provide— must be lived.

---

### Personal Attention and Connections

Our faculty are skilled in connecting with students. They will know your child, and they will help them thrive. During your child’s time at Legacy, they will make true personal connections with other students and faculty members that will stay with them throughout their life.

### Preparation for the Future

We don't know what the future holds. But, what we do know is that by helping the students learn how to work with others, learn how to learn, learn how to apply and create knowledge, and learn how to problem solve we are giving them a solid and dynamic foundation for whatever career comes their way.
